RE: Twinning Kit

ROUTE TO:	✓ SEEN	No. of Copies Distributed

NORDYNE is pleased to announce the availability of a twinning kit for residential *G7S furnaces. This kit provides the capability to combine the operation of two single stage gas furnaces. The twinning kit can be applied to all of our G7 single stage furnaces manufactured after June 2009 – the twinning function is not backwards compatible with earlier furnaces. Below are SKU, description, class code, and list pricing information.

<u>SKU</u>	<u>Description</u>	<u>Class Code</u>	<u>List Price</u>
920919	G7 Twinning Kit	242	\$322.00

If there are any questions, please contact you NORDYNE regional Sales Manager.
