RE: 3 Phase Split Systems Purchased as Premium Brands

ROUTE TO:	✓ SEEN	No. of Copies Distributed

NORDYNE'S line of Mammoth 3, 4, and 5 ton 3 phase condensing units are now available under your premium brand name. These units are the same as the ones offered under the Mammoth brand. Because of the brand licensing agreements and co-op fund accruals these units purchased through your premium accounts will carry a net price increase over Mammoth pricing. These splits will be branded with your premium branded logo at time of shipment. The standard commercial warranty will apply as noted in the warranty document.

Air Conditioner Class Code 10B
