NORDYNE'S last day to place compressor orders is October 5, 2009 for the 7 ½ and 10 ton split condensers. Therefore, at the end of day on October 5, 2009, inventory and production settings on all of the products listed below will be "build to order." NORDYNE will produce product to support all orders that are submitted up to October 5, 2009. All orders submitted for the products listed below must have a requested delivery date prior to January 2010. New R410A, 7 ½ & 10 ton split systems are currently scheduled for January 2010 production and we expect to begin accepting orders in December 2009 for these new R410A models.
