RE: R410A, 7 ½ & 10 ton Split Air Conditioner, Heat Pump, and Air Handler

ROUTE TO:	✓ SEEN	No. of Copies Distributed

NORDYNE is pleased to announce our R410A split system air conditioners and heat pumps with matching indoor air handler. These new products go into production mid January 2010. These units are in the same footprint as the R22 units they are replacing however, the 10 ton units are 8 inches taller. These units are compliant with the 2007 requirements of ASHRAE 90.1, Addendum S. These condensing units are shipped with a 90 oz holding charge of R410A refrigerant.

New S5BP 7 ½ and 10 ton split Air Conditioners

- The 7 ½ ton achieve an EER of 11.7 and an IEER of 11.8
- The 10 ton achieve an EER of 11.2 and an IEER of 11.4

SKU	Model	List
920888	S5BP-090C	\$5,211.00
920889	S5BP-090D	\$5,474.00
920890	S5BP-120C	\$5,675.00
920891	S5BP-120D	\$5,886.00
